MEMORANDUM FOR: DDO Training Officer

SUBJECT : Analyst Training

Reference : Memorandum Entitled "Interim Report on Analyst Training", Dated 14 August 1974

In responding to the DD/A regarding Referenced memorandum, you may wish to include our observations about the proposed training courses and seminars. In general we do not believe the suggested training has direct applicability to analysts in Soviet Bloc Division. The course entitled Survey of Intelligence Collection and Processing and the seminar entitled Intelligence and National Policy might be of value to some of our personnel working in [REDACTED]. However, the proposed training courses and seminars appear to be most suitable for analyst working in the DDI and DDS&T.
